

REGENERATIVE AESTHETICS

REGENERATIVE AESTHETICS

Unlocking the body's own cells for healing & regeneration of our facial tissues for a more natural approach to injectable treatments. Performed by our Nurse Practitioner

Sculptra

Looking for a long lasting, subtle & natural appearing volume and skin integrity enhancer? Sculptra is our bio-stimulator of choice to treat pan facial hollowing and volume loss, especially in difficult to treat areas like the temples. Sculptra is a unique volume replacer as it uses your body's ability to regenerate and form new collagen and elastin. Subtle changes develop over a course of 6 weeks with results lasting 2+ years.

PRPCocktail™ Skin Tightening Regeneration

The ultimate neck rejuvenation treatment. If thin, lax, irregular texture of your neck is a concern, this is the treatment you are looking for. Through two separate treatment sessions, the skin of your neck will achieve improvement in texture, thickness, softening of lines, improvement in skin laxity, diminished "wattle", improvement in platysmal neck bands, enhanced definition of neck. Results last 2 years after 2 treatments.

\$1325 | SINGLE TREATMENT

\$2500 | TWO TREATMENT BUNDLE

Hyperdilute Radiesse Facial Restoration

If your face is showing general laxity, with crepey skin then this is the treatment you may be looking for. Thinning skin, with general laxity, and volume loss can be treated with the use of non-surgical skin rejuvenation injections of hyper-dilute Radiesse dermal filler. After 6 weeks from your initial session you will notice significant improvements, with results lasting up to 2 years.

\$900 | SINGLE TREATMENT

Natural Filler Bio-Gel

PRF Natural Filler Bio-Gel technique is used to accelerate tissue healing and skin regeneration processes through your own blood concentrate. It is an excellent alternative for those who do not want traditional dermal fillers injected. Just like with other PRF treatments, your own blood is drawn to obtain the beneficial cells from your body without any additives. Results generally last 6 months.

\$675 | SINGLE TREATMENT

PRF Filler Signature Under-eye Treatment

Is your under-eye's leading to an overall tired and aged appearance to your face? Bloom Medical Aesthetics premier PRF Filler Signature Under-eye Booster Treatment is the more natural treatment here to address these concerns and provide a rejuvenated, youthful appearance to the tricky under-eyes. This treatment utilizes your own blood to gather PRF and combined with a touch of filler. This blended formulation provides support, revolumization. This treatment is done in a series of 3.
